(the hyperlinks above contain personality descriptions for each trait)

Stability results were very low which suggests you are extremely worrying, insecure, emotional, and anxious.

Orderliness results were moderately high which suggests you are, at times, overly organized, reliable, neat, and hard working at the expense of flexibility, efficiency, spontaneity, and fun.

Extraversion results were moderately high which suggests you are, at times, overly talkative, outgoing, sociable and interacting at the expense of developing your own individual interests and internally based identity.

trait snapshot:

self revealing, neat, craves attention, prefers organized to unpredictable, needs things to be extremely clean, worrying, perfectionist, emotionally sensitive, respects authority, social, vain, does not like to be alone, likes large parties, controlling, social chameleon, not a thrill seeker, enjoys leadership, takes precautions, puts the needs of others ahead of their own, assertive, rule conscious, makes friends easily, always busy, heart over mind, phobic, aggressive, clingy, compassionate, dominant, outgoing, suspicious, hard working, strong
